# 1 Introduction

This document presents the defects identified during cross-browser and responsive testing of the web application. The defects were identified through manual UI testing across different browsers and screen sizes.

## 2 Test Environment

- Browsers: Chrome, Firefox, Edge
- Operating System: Windows 11
- Testing Type: Manual UI Testing
- Devices: Desktop, Tablet, Mobile

## 3 Defect Summary

| Bug ID | Title                                   | Severity | Status |
|--------|-----------------------------------------|----------|--------|
| BUG-01 | Homepage navbar misaligned in Firefox   | Minor    | Closed |
| BUG-02 | Homepage image overflow in mobile view  | Major    | Closed |
| BUG-03 | Product grid misaligned in Firefox      | Major    | Closed |
| BUG-04 | Product image overflow in mobile view   | Major    | Closed |
| BUG-05 | Button size too small in mobile Firefox | Minor    | Closed |
| BUG-06 | Footer text misalignment in Firefox     | Minor    | Closed |

## 4 Detailed Defect Description

### 4.1 BUG-01: Navbar misaligned in Firefox

**Module:** Homepage

#### Steps to Reproduce

1. Open homepage in Firefox
2. Observe navigation bar

**Expected Result** Navigation bar should be properly aligned.

**Actual Result** Navigation items are slightly misaligned.

**Severity:** Minor

## 4.2 BUG-02: Image overflow in mobile view

**Module:** Homepage

**Steps to Reproduce**

1. Open homepage
2. Resize to mobile screen (375px)

**Expected Result** Images should scale within container.

**Actual Result** Images overflow outside container.

**Severity:** Major

## 4.3 BUG-03: Product grid misalignment in Firefox

**Module:** Product Listing

**Steps to Reproduce**

1. Open product page in Firefox
2. Observe product grid

**Expected Result** Product grid should be aligned.

**Actual Result** Product cards are misaligned.

**Severity:** Major

## 4.4 BUG-04: Product image overflow in mobile

**Module:** Product Detail

**Steps to Reproduce**

1. Open product detail page
2. Resize to mobile view

**Expected Result** Image should be responsive.

**Actual Result** Image exceeds container width.

**Severity:** Major

## 4.5 BUG-05: Button size issue in mobile Firefox

**Module:** UI Elements

**Steps to Reproduce**

1. Open site in Firefox mobile view

2. Observe button size

**Expected Result** Buttons should be properly sized.

**Actual Result** Buttons appear smaller than expected.

**Severity:** Minor

## 4.6 BUG-06: Footer text misalignment in Firefox

**Module:** Footer

### Steps to Reproduce

1. Open homepage in Firefox
2. Scroll to footer

**Expected Result** Footer text should be aligned.

**Actual Result** Text appears misaligned.

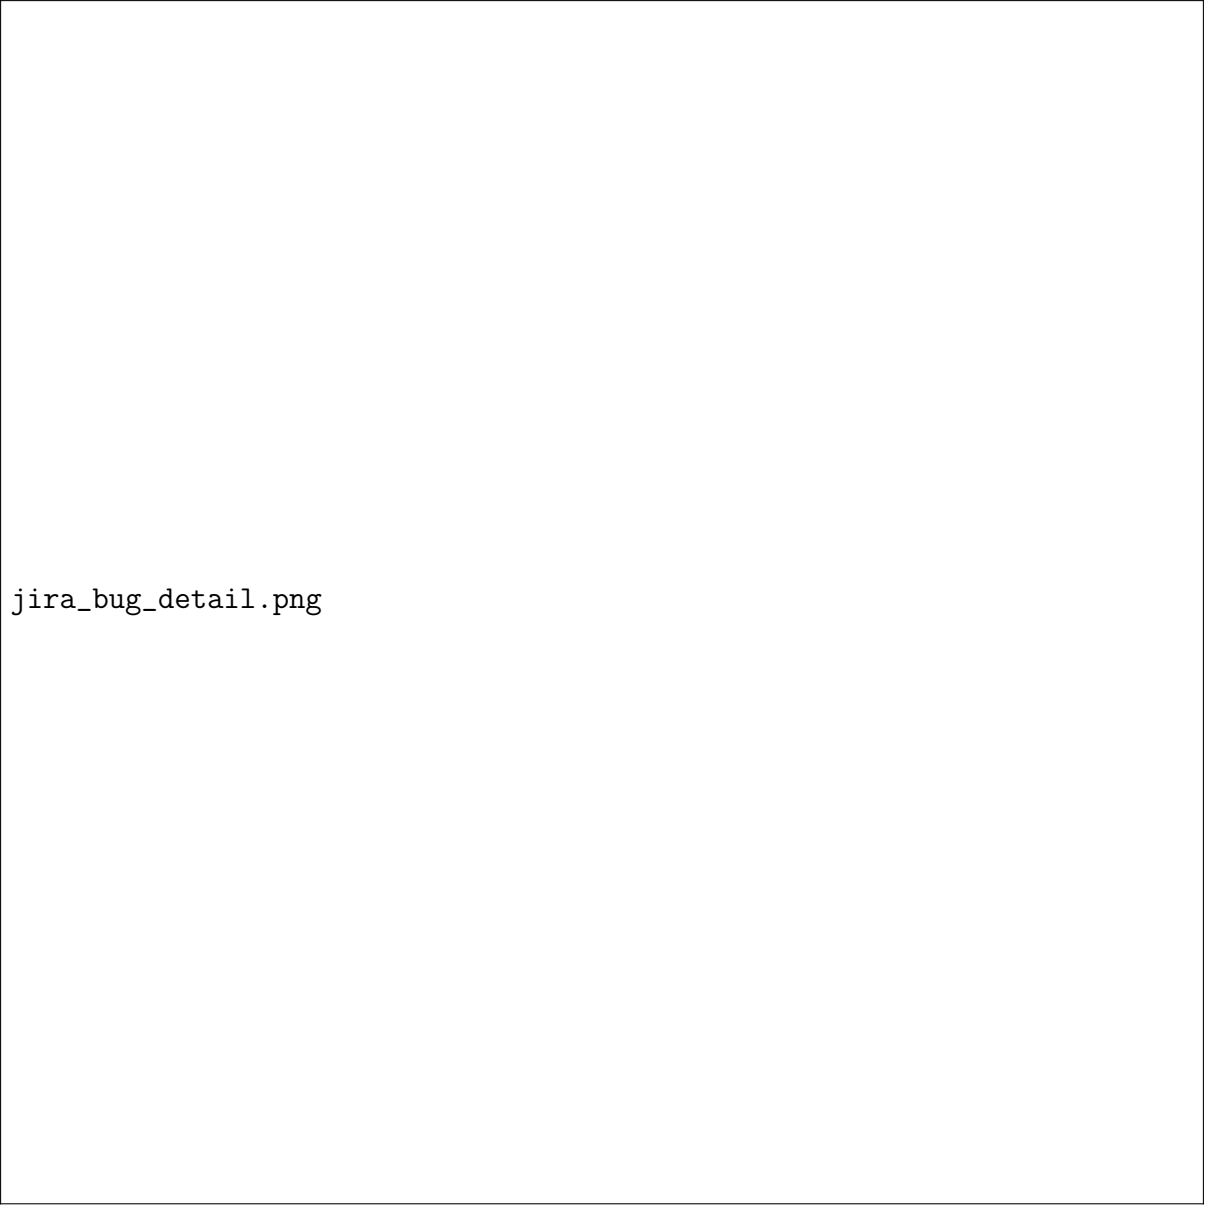

**Severity:** Minor

## 5 Jira Evidence

## 6 Conclusion

The testing identified several UI inconsistencies across browsers and devices. Major issues were related to responsiveness and layout alignment, particularly in Firefox and mobile views. Addressing these issues will significantly improve user experience and cross-platform consistency.
